* T = Type strain

For water and environmental analysis	For foodstuffs analysis	other
--------------------------------------	-------------------------	-------

Also available on request: *Clostridium sporogenes*, *Cronobacter sakazakii*, *Escherichia coli* 0157:H7, *Enterococcus hirae*, *Klebsiella pneumoniae*, *Lactococcus lactis*, *Candida albicans*.

Note: for Risk Group (RG) 2 we need a copy of your permission for the handling of pathogens (e.g. according to §44 Infektionsschutzgesetz IfSG)! Please add to your first order or send via fax.

Packaging Units:

1 pastille, individually packaged

Current **shipping costs** for Germany: 25 € (net). Please e-mail us at info(at)micromol.com for additional information about export prices.

Delivery time will last up to 4 weeks depending on the order situation.

All **Prices** are noncommittal. The non-binding prices are net prices in euros (€) exclusive VAT. Prices are subject to change without prior notice. The applicable prices are those in effect at the time of the order. We grant a discount on the article's individual price, if the amount of pastilles from this article is at least 5 pastilles.

The General Terms and Conditions of MicroMol GmbH apply (refer to <http://www.kontrollstaemme.de/index.php?id=85>).
